Conference Calls made Simple and Effortless

KX-HDV800

The clear choice for better collaboration

KEY FEATURES

- High Quality Sound with Omnidirectional Mic.

- Integration with UC Application

- Designated Smartphone App

- Conference Recording to SD Card

The Panasonic Conference App is your capable meeting assistant. Managing meetings is much more personal and direct when you're holding the user interface in your hand. Intuitively call contacts straight from your local address book, create conference groups, adjust the volume and more during meetings by using your mobile or tablet. You no longer need to get up and operate the keypad of the conference phone that is far away at the centre of the table.
